SURFACES PRODUCT GUIDE

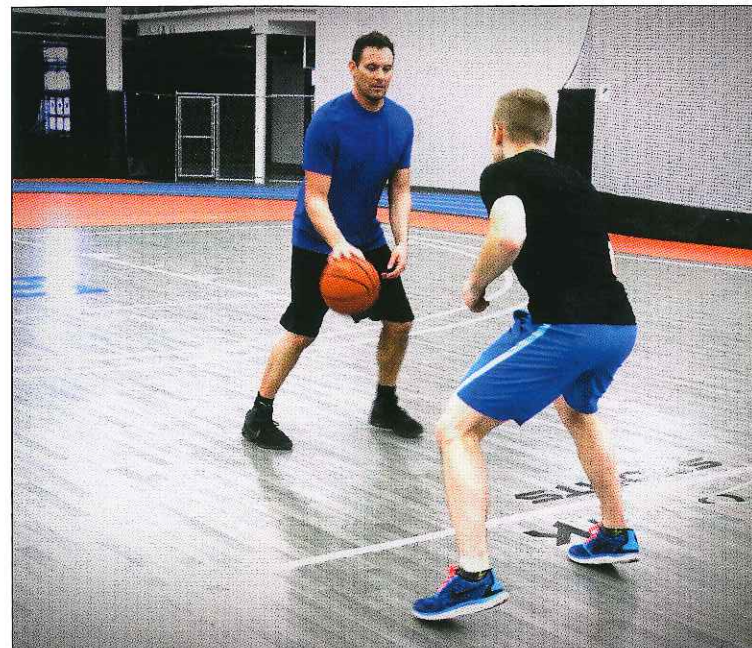

2017

CENTAUR

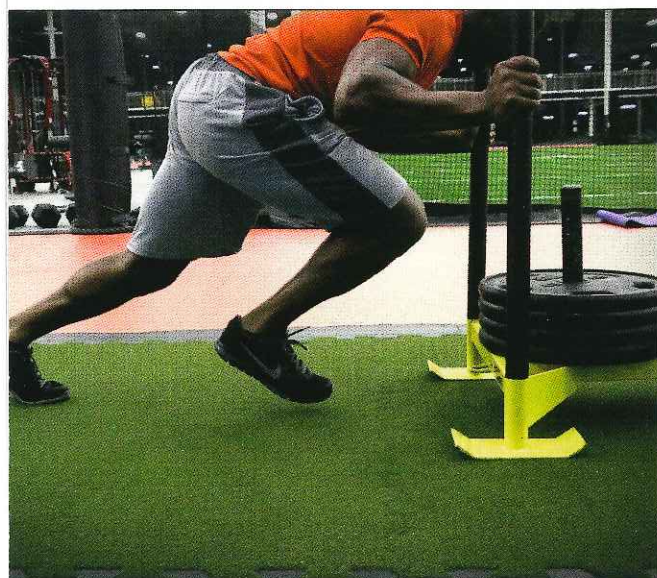

Speckled S

Designed for easy and fast installation and a virtually seamless appearance, Speckled S is a great solution for those who need a surface with outstanding durability in a cost-effective system. This performance rubber surfacing is available in rolls with custom colors and logos.

Triple Threat

Triple Threat is ideal for multi-purpose floors and sports surfaces. Available in rolls, Triple Threat features a vinyl wear layer bonded to a recycled rubber underlayment. The result is flooring that looks like real wood but is more comfortable underfoot, economical, durable and easier to clean.

xrTurf

xrTurf fulfills a need for a revolutionary, premium turf product. This surface features a nylon wear layer bonded to a performance rubber underlayment that provides cushion underfoot and sound-isolating advantages. xrTurf is designated for indoor use only and is available in rolls and interlocking tiles.

Sportweave Interlock

This modular carpet tile is a non-woven surface with a rubber backing available in an interlocking tile format for indoor use. Sportweave Interlock is ideal for entryways or transition areas. Other benefits include durability, portability, easy installation and moisture mitigation.

BE FIT. BE FLOORED.

We provide high-quality, competitively priced, application-specific surfaces that are both functional and attractive.
